

The USB 1080p PTZ Camera that Brings Every Collaboration to Life

Logitech PTZ Pro Camera

The Logitech PTZ Pro Camera is a premium USB-enabled HD 1080p PTZ video camera for use in conference rooms, education, health care and other professional video workspaces.

The PTZ camera features a wide 90° field of view, 10x lossless full HD zoom, ZEISS optics with autofocus, smooth mechanical 260° pan and 130° tilt, H.264 UVC 1.5 with Scalable Video Coding (SVC), remote control, far-end camera control¹ plus multiple presets and camera mounting options for custom installation.

Set-up is a snap with plug-and-play simplicity and a single USB cable-to-host connection. Leading business certifications—Certified for Skype for Business, Optimized for Lync, Skype® certified, Cisco Jabber® and WebEx® compatible²—ensure an integrated experience with most business-grade UC applications.

logitech

DESIGNED FOR THE ANYWHERE WORKPLACE

Logitech PTZ Pro Camera

FEATURES

- Premium HD PTZ video camera for professional video collaboration
- HD 1080p video quality at 30 frames per second
- H.264 UVC 1.5 with Scalable Video Coding (SVC)
- 90° field of view with mechanical 260° pan and 130° tilt
- 10x lossless full HD zoom
- USB plug-and-play
- 3 available camera presets

BENEFITS

- Ideal for conference rooms of all sizes, training environments, large events and other professional video applications.
- Delivers brilliantly sharp image resolution, outstanding color reproduction, and exceptional optical accuracy.
- Advanced camera technology frees up bandwidth by processing video within the PTZ camera, resulting in a smoother video stream in applications like Skype for Business.
- The generously wide field of view and silky-smooth pan and tilt controls enhance collaboration by making it easy to see everyone in the camera's field of view.
- Zoom wide or zero in on close-ups to clearly view people, objects, whiteboard content, and other details.
- With no special software, training, or maintenance required, launching an enterprise-quality videoconference has never been easier.
- Select up to three preset locations for the camera view and return to any of them with the push of a button on the remote control.
